Janab Allah tells us to keep away from Satan. Satan is not alone, he has soldiers, and there are those who are associated with him. There are a lot of people who obey their desires, a lot of people on earth follow their ego desires. Satan deceived those people. Allah Azra wa Jalla tells us "Be vigilant!" do not be deceived by the soldiers of Satan. They would move you from a good place to bad. It is said "Dar'ul bewar" meaning it takes one to the worst of places.

A man should be vigilant. He should check whether this thing is right or wrong. Because, once they deceive you it does not matter to them. About Hell; the inhabitants of Hell says: "show us those men so that we tread them under our feet, let's crush them." They say; "What is it to us. You should have been vigilant. You fell for it, which suited your needs, you obeyed your ego desires and follow them, now you are in this state."

It needs proper care. Especially today's people are not trustworthy. Being careful is a must. They must not obey their ego desires but be with those who are on the path of Allah. It is said to be vigilant at all times.

In the hadith of our Prophet (SAW) it says;

لَا يُلْدَغُ الْمُؤْمِنُ مِنْ جُحْرٍ مَرَّتَيْنِ

"La yuldegu'l - Mu'minu min juhri marratayni". A mu'min (believer) would not be bitten twice from the same hole, hole meaning a snake. If he made a mistake once, the second time he is more careful, he does not put himself in danger.

We wish vigilant from Allah, because these people without religion, faith, in ture meaning without the truth think it is a gain to divert the people from their path.

They love it when each day they put people out of path. May Allah protect us. May Allah make our end blessed. May we be amongst those who are blessed inshaAllah.
